

## Case Study

### **The October Club and charitable foundation 'v' are supporting the Working It Out programme for disadvantaged young people**

Since 1987, City-based organisation, the October Club has held an annual fundraising dinner at the Savoy – in the last 20 years, over £5 million has been raised for a variety of different charities. Each year a different charity is chosen with the key criteria that the funds raised will prove transformational for the work the charity does.

This year, the October Club has chosen to support our Working It Out programme which transforms the lives of disadvantaged young people through a series of community challenges, training and work. The money raised by the October Club will be matched to a level of 80% by charitable foundation 'v'.

This funding will enable Tomorrow's People to run Working It Out in five cities around the UK over a two-year period.
